COMING SOON...

Plymouth County Outreach will be starting a peer facilitated recovery Zoom group that will meet every Tuesday from 8-9PM. The group will be a safe, inclusive, unscripted and open space for individuals in any and all forms of recovery to share their thoughts and feelings. This group will recognize that recovery is not a "one size fits all" and will accept and promote all pathways to recovery. We intend to utilize this space as an opportunity for members to share, in safety, whatever it is that they need to share in order to heal and continue their recovery process. In the event that no members feel an urgency to share, we will have a broad set of formats, topics, prompts or questions to draw upon to engage in constructive conversations. Keep an eye on our Facebook page for more details this week!
